New pictogram with Asian vegetables!

OPEN

CLOSED

Holes in the seal are closed for **light breathing** veggies & fruits

HALF OPEN

Allows some air-flow for **medium breathing** veggies & fruits

Integrated food pictogram on container enables a quick check on the type of vegetables or fruits before storage

Scan QR code for the list of vegetables and other storage suggestion.

Built-in grid keeps contents away from moisture

The 4-sloped channels allow water to flow out and keep the water from pooling

Let fruits and veggies breathe for prolonged freshness
