# Do you know?

It's important to keep onions and potatoes separated.

**Why?** Gases from onion will hasten sprouting in potatoes. Potato sprouts may be toxic as it may contain high amounts of glycoalkaloids, which can affect your nervous system.

1 keeper fits 1 bag of onions/garlic perfectly

Stackable with angle lid for easy access at one-go

See through for easy identification of contents

Allows air circulation to preserve freshness

Easy to seal & close

# Seals in the texture, flavor, and crisp!

With just one touch, seal  
in the goodies at its best!

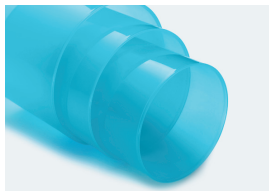

To open, just press down center  
and lift lid. To close, press down  
the center.

Lift tab slightly to expel air, then  
close the seal. This helps food  
to stay fresh.

To seal, press and slide on the  
groove over the container rim  
with your thumbs.

## Hiew Wei Allysha

I'm a full-time Vegetarian, and lack protein intake in my everyday diet. I tried consuming more nuts, soy-based products, dairy and eggs, but it wasn't enough. I was suffering from more hair fall, and felt weak all the time. Then my sis shared some 8tive Pro with me. The results were great, and I have never looked back since! Sometimes when I'm too busy to cook a meal, I'll just fix myself a glass of 8tive Pro. More than filling me up, it's delicious, and nutritious too! **#NaturCare #TupperwareBrands**
