Meet your new household helper.

Tupperware's microfiber towel is a special fabric woven with tiny, microscopic fibers that absorb bacteria and dirt easily and effectively.

NEW

Safe

Reusable

Easy to wash

Keep your home fresh and clean.

Chemical-free cleaning!

Did You Know?

Everyday, we are exposed to soaps and cleaning detergents that pose a health risk, especially for kids.

Keep a towel handy. No detergents necessary.

Pick from a variety of patterns, textures, colors and sizes to help in many cleaning tasks!

Absorbs up to **8 times** their own weight in liquid!

Prevents fraying with heavy-duty stitching for long term use!

Eliminates drops of water and minimizes streaking.

Attracts and holds dust and allergens like a magnet.

#Tuppertips

Use our Microfiber towel to remove grease and fingerprints from stainless steel products so you can avoid chemicals that cause skin irritation!

Do away with dust.

Dust towel

- Double sided dense sheared terry.
- Long fibers for dust pickup, shorter fibers for buffing & polishing.
- Can be used for car interiors, electronic screens and keyboards.

One cloth for all.

Multi-purpose towel

- Create a healthier environment without chemicals!
- Use it dry to polish, or wet for gentle cleaning.
- Use it to remove particles and grease residue.

Let it shine.

Reporting to duty

Window towel

- Unique “honeycomb” texture to maximise water absorption.
- No need for detergent with minimal streaking.
- Lint-free!

A pressure cooker for cooking pleasure.

Fully imported from Germany, the TupperChef® Pressure Cooker is thoughtfully designed so you can enjoy more meal time and less cook time the simple way. Whip up any meal that needs to come together in one pot, preserving the flavors and nutrients as well as cutting short your cooking process— saving more time, energy and money.

What's more, our pressure cooker is designed with **additional safety protection system** that regulates pressure and put your mind at ease for an enjoyable cooking experience. So let's get started and discover how to cook smarter and better today!

Extremely versatile & deliciously easy

Available in 6.5L, this Pressure Cooker is perfect for any occasion and is suitable to be used on any cooktop surface.

Compatible with all cooktop surfaces

Electric

Ceramic

Gas

Induction

Cooks 3X Faster

Prepare quicker, better meals for a busy lifestyle.

Nutrient Lock

Pressure cooking helps seal in the essential vitamin and minerals in the ingredients - offering heartier, healthier meals.

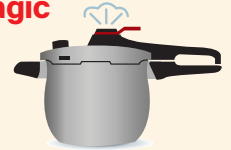

High Safety Standards

Comes with 4 safety features that ensure perfect safety in operation.

All-in-one-pot Magic

Achieve all types of cooking easily with richer flavors and better texture – plus the clean-up is easy!

Simple, safe & strong

TupperChef® Pressure Cooker combines durability, safety and functionality to cook food as quickly and safely as possible, delivering a cooking experience like no other.

Splendid Simplicity

Laser-etched capacity marking for measuring convenience.

Ultimate Safety

Designed according to the highest standards, the cooker comes with a safety window, indicator, valve and locks to ensure complete safety in operation.

Good Durability

Crafted with single stainless steel ply and a tri-ply aluminium encapsulated induction bottom, this cooker is tough, durable and resistant to wear and abrasion.

Your **safety**, our **priority**.

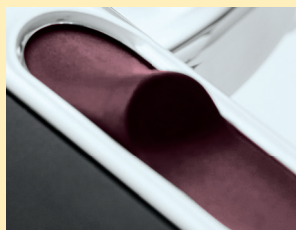

Built with the highest standards, TupperChef® Pressure Cooker has **4 safety features** that offer the safest way to cook, giving you absolute peace of mind every time you use it.

1 Pressure Indicator Pin & Locking Slider

Pressure Indicator Pin

Pin indicator will rise once the pressure starts to build inside the pot.

Locking slider

Blocks the movement of the slider when the pot is under pressure.

2 Pressure Control Valve

Four dials allow more control while cooking:

Position
1

60kPa

Low pressure perfect for food that requires less cooking time, e.g. soft vegetables.

Allows valve to be removed for cleaning.

Position
2

100kPa

High pressure ideal for meats and legumes.

Releases steam and depressurize the cooker.

3 Cooking Indicator

Pressure level is related with the rings display in the cooking indicator.

1 ring

Low pressure.

2-ring

High pressure.

Red ring

Extremely high heat, reduce immediately.

4 Safety Window

In case of abnormal increase of pressure inside the pot, gasket forces its way out through this window for the steam to escape.

Bring innovation to your kitchen.
